**THOSE SPACES WERE ALL
DESIGNED BY ARCHITECTS!**

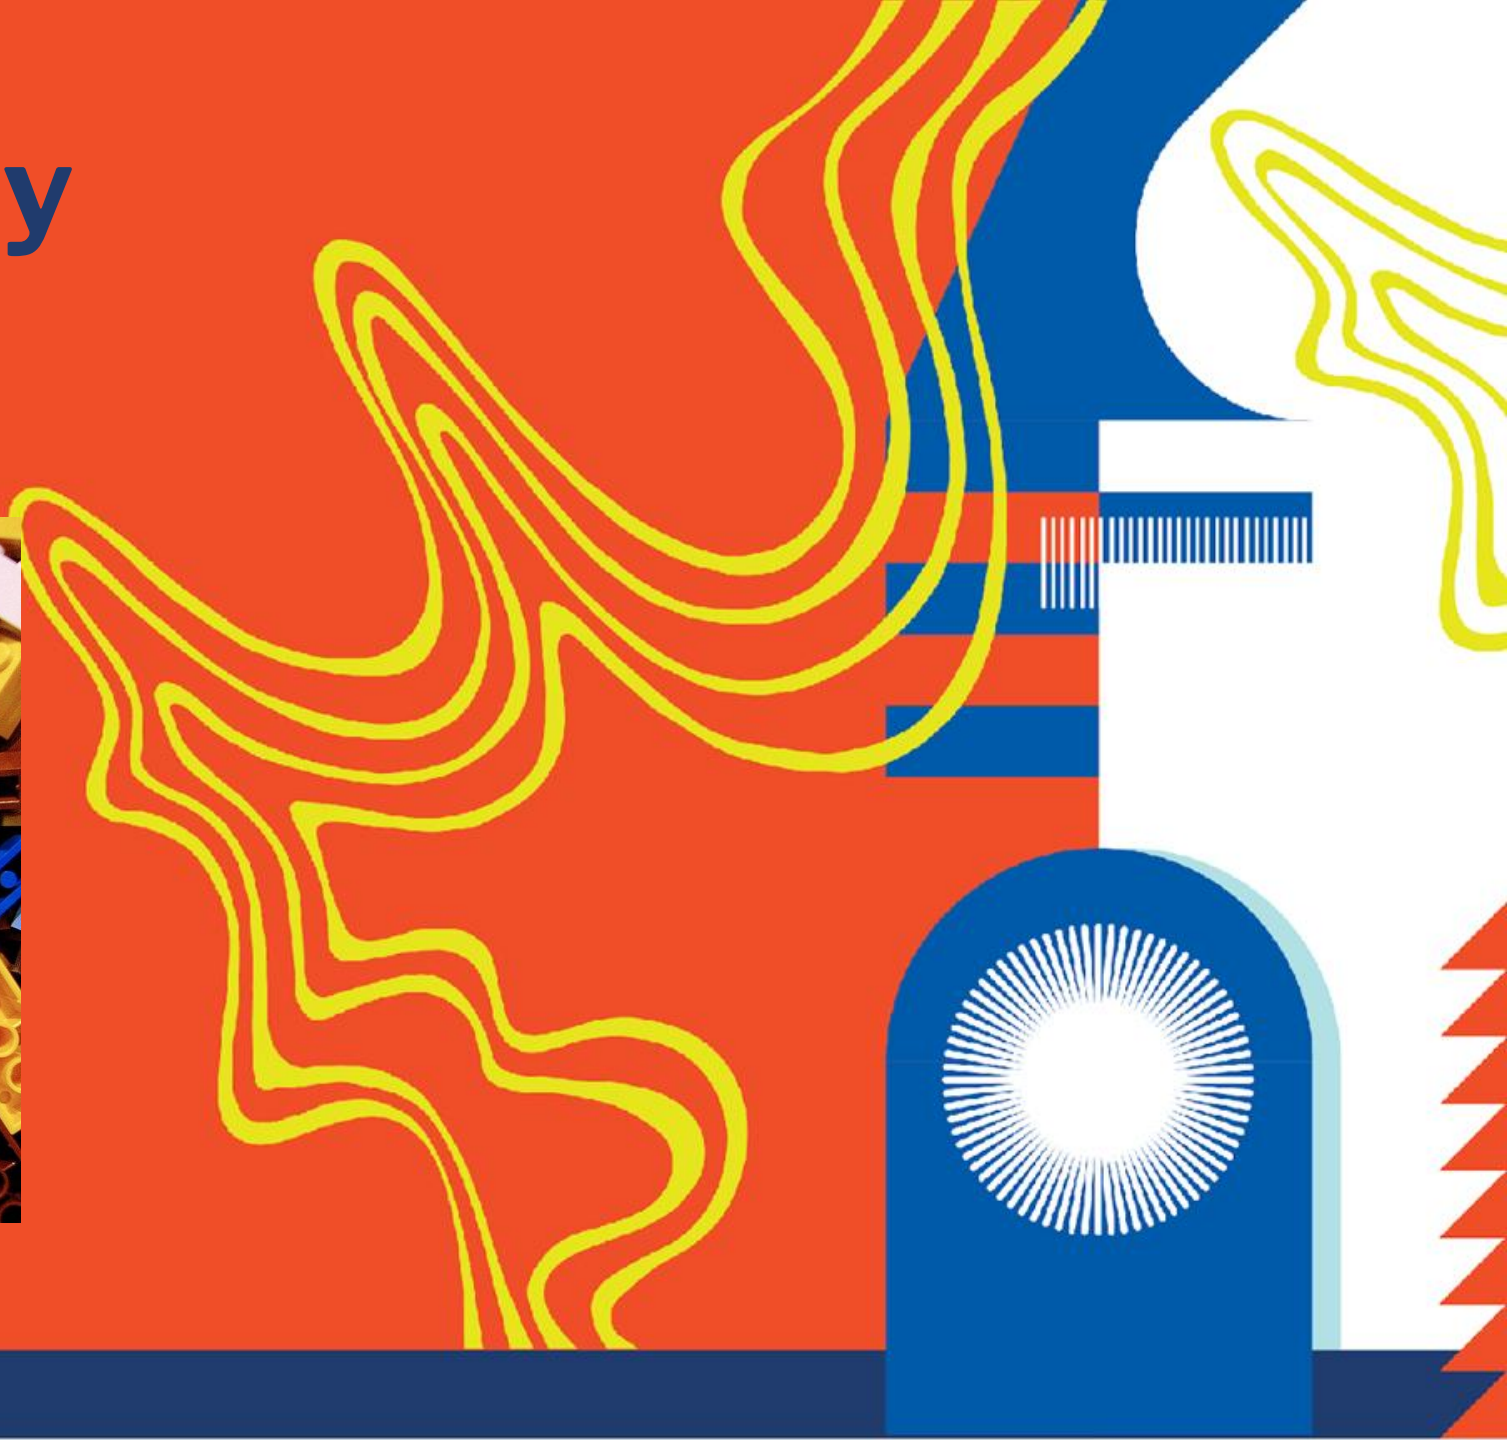

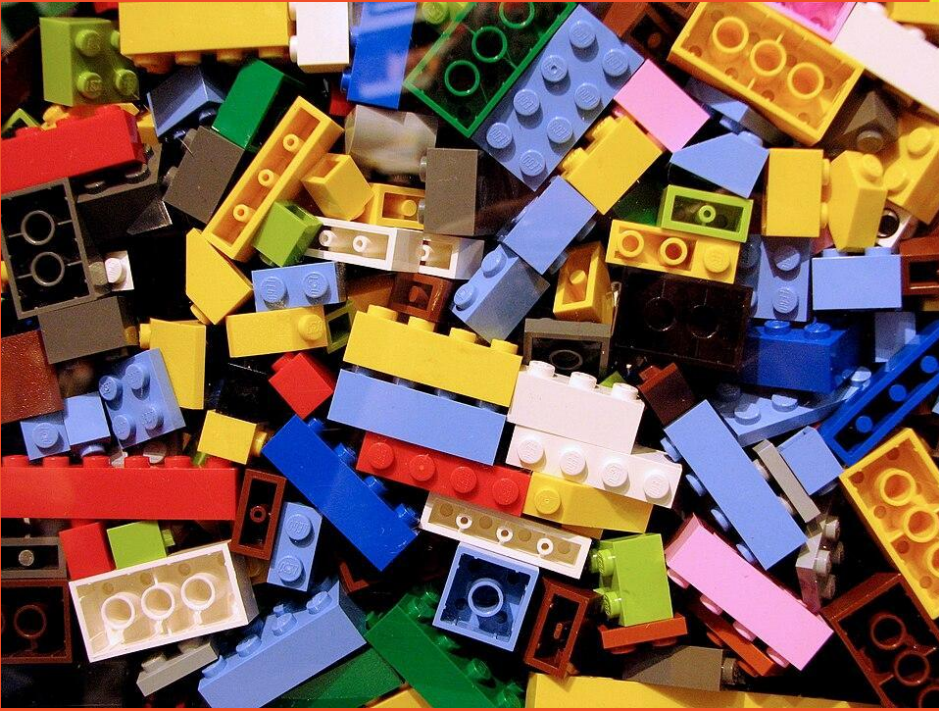

Architects design buildings and places where people live, work, play, and learn!

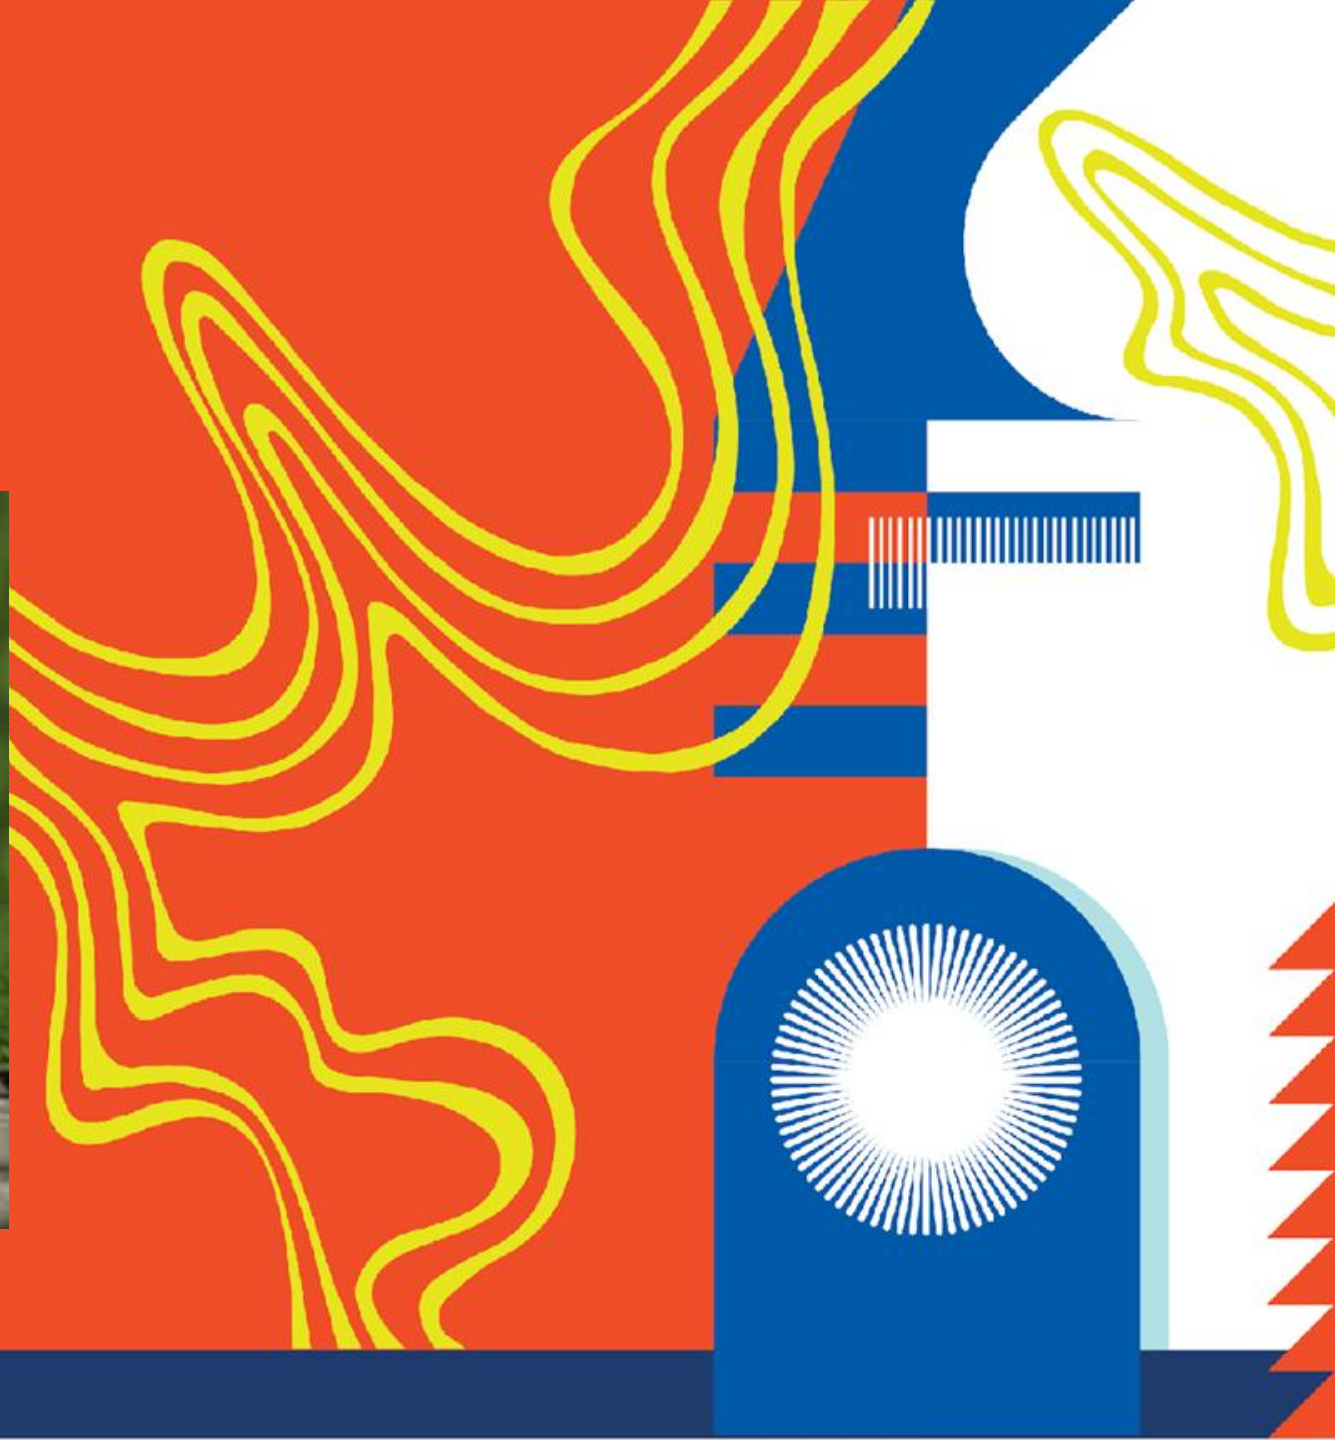

Who likes to **DRAW?**

Who likes to play with LEGOS?

Who likes to play **MINECRAFT?**

Then, you may like **ARCHITECTURE**

Architects answer questions every day! Questions like:

- Who are you designing for?
- What are you designing?
- Does your idea work?

We Design Ideas - Be Creative!

Our Working Cycle:

STAGES OF DESIGN

1. PROGRAMMING

Space needed
and how big

2. SCHEMATIC DESIGN

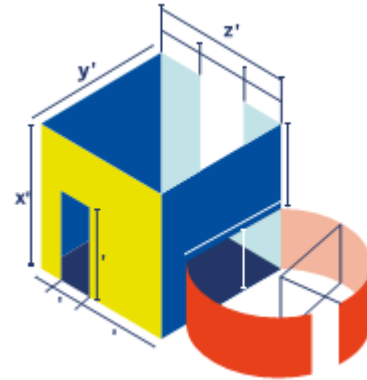

How the spaces
fit together

3. DESIGN DEVELOPMENT

What it's made of
and systems

4. CONSTRUCTION DOCUMENTATION

How it's going
to be built

5. CONSTRUCTION ADMINISTRATION

Build it!

DAY IN THE LIFE

- Design Buildings
- Presents ideas
- Work with others
- Oversee construction

Architects have the power to shape the world we live in.

Activity Time!

Those Crazy Animals!

Design a Space for Animals using architectural ideas!

STEP 1: *Roll the dice.*

STEP 2: *Brainstorm.*

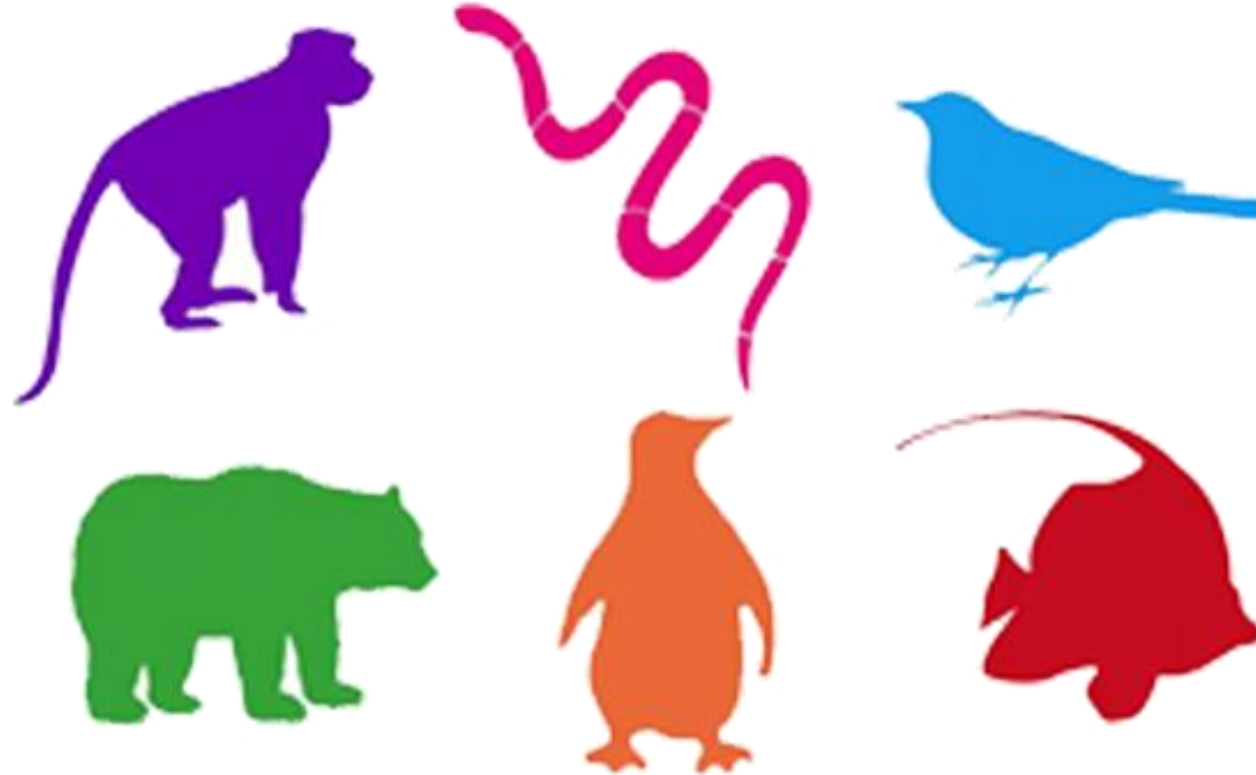

*What does your client like?
What spaces do they need?
How do the animals interact?*

STEP 3: *Start Designing.*

WHAT TO DRAW?

Outside of the building
Inside spaces in the building
Building Name, Sign
Outdoor areas, landscape
Animals using your spaces

STEP 4: *Present.*

Those Crazy Animals!
